#3 L.A.B. Putter

The Press II 3° (formerly the 2.M) was created for golfers who prefer a flat front on their putter grip to aid consistent hand position. Its minimally tapered, medium barrel shape promotes stability and the use of the larger muscles for more consistent performance. Its lighter weight also makes it easier to feel the movement of the putter head during the stroke. Made in USA.

Back App 2.0 Office Chair

On Back App 2.0 you sit with your feet on a footrest padded with a soft damping material. The sitting position and the gentle motion ensure a wonderful sitting experience. This is a chair that gives you something extra.

The gentle movement of the Back App exercises the muscles that support the spine. The movement when sitting on the Back App comes about because you constantly have to balance yourself.
