 WHAT'S NEXT™**

For more than 100 years, JA has helped students build essential skills through financial literacy, work readiness, and entrepreneurship. Now, we're taking those strengths further, connecting them through one powerful purpose: **accelerating economic mobility through education**. Through hands-on, career-connected learning, JA students build *confidence, capability, competence, and connections*; the building blocks of lasting success. Through collaboration with educators, employers, and communities, JA is redefining what readiness means and ensuring every student can thrive. Visit Jawny.org.
